

# CPACS Meeting Agenda

When: 20.01.2021; 13:00-17:00

Where: Web-meeting

## Stakeholder meeting (part I) on the CPACS 3.3 release

### Agenda

12:45	Virtual welcome coffee & equipment testing
13:00	Introduction
13:30	Mission definition and point performances
14:30	AeroLimitMap adaptations
15:00	Break
15:15	Load analysis
16:15	General CPACS features

### Objectives

The main objectives of this meeting are:

- 1) Introduce and discuss the planned enhancements and modifications
- 2) Decide whether the developments are ready for creating the official release candidate for CPACS v3.3

### Login and participation information

- Login via browser (prefer *Edge* if possible):  
<https://conf.dfn.de/webapp/conference/97997231>
- Use of the welcome coffee to test your technical equipment
- Provide your name and institution in brackets (*Marko Alder (DLR)*)
- Introduction round with > 20 participants: only one representative briefly introduces his institution/department and colleagues
- Mute your microphone if you're just listening
- Type *Question* or *Comment* in the chat to announce a contribution
- If Corona hairstyle allows, we encourage to enable your video for comments
